

Copy the files:

PropBasic.exe

PropBasic.bat

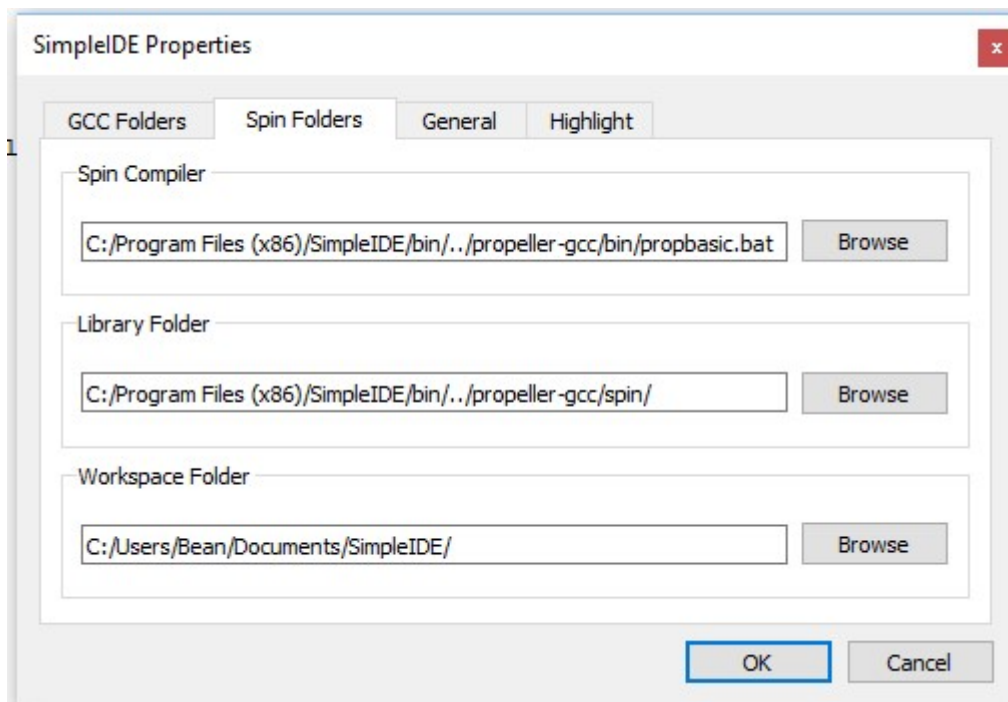

to the SimpleIDE directory C:\Program Files (x86)\SimpleIDE\Propeller-gcc\bin

Next start SimpleIDE

Press F6 to get to the "SimpleIDE Properties" Dialog

Click on the "Spin Folders" tab

Change ONLY the "Spin Compiler" entry to as shown below:

Then click on the "OK" button.

You should now be able to open the project "PropBasic Template" and compile it.

NOTE: Since SimpleIDE does not support PropBasic directly, when you start a new project you will have select "SPIN" as the compiler type in the project manager.
