

5v Power Supply
(Transformer, rectifiers, Capacitor,
7805 regulator)

Controller board

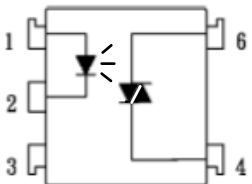

The controller outputs
0v to 5v control signals
0 amps to 20ma

One of 6 circuits

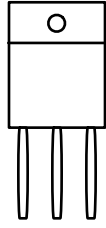

AC White are all connected together
AC Green are all connected together

Cosmo
KMOC3023
Opto Isolator

Triac
SanRex
TMG8C60

On/Off

F8AE
Fuse

AC Blk
Plug Source
